Cancellation and Refund Policies

Additional event information and policies are outlined in the EQUUSOMA® Policy Handbook. Certain policies from the Handbook also apply to the RD Master Class at the discretion of the Schlote Psychotherapy Professional Corporation (Sarah Schlote) and Calming Signals of Horses (Rachaël Draaisma). These two companies and their agents and representatives are not liable or responsible for any lost wages or fees (including but not limited to travel and accommodation) incurred as a result of having to reserve time to attend any of our events or activities should they be cancelled. We apologize for any inconvenience and appreciate your understanding when circumstances are beyond our control.

RD Master Class Online Webinar

Student Cancellations

Students are eligible for a **100% refund** if cancelling more than 90 days before the first day of the online webinar, and a **50% refund** if cancelling between 60-89 days before the first day of the webinar. A \$100 CAD administrative fee is applied to process refunds. No refunds are possible for cancellations that occur in the 59 days before the first day of the webinar.

Instructor Cancellations

On occasion, an online webinar may be affected by reasons beyond our control, such as due to instructor illness or emergency, or a technical issue (e.g., an internet, power, or Zoom service outage). In these cases, we may need to adjust some or all of the dates of a particular webinar. The revised dates may not work with a particular student's availability. Depending on when the module was affected (before or after it began), **the following options are possible:**

1. If the student is unable to attend the revised dates live but is willing to watch the recordings, no refund will be provided.
2. Alternatively, a student may defer their registration and the entirety of their registration fee payment (**without penalty or administrative fees, at no additional cost**) to a future RD master class webinar taking place **in the next year** (from the start date of the webinar that was cancelled or rescheduled) to take that webinar. We are considering additional dates pending demand, but we can make no guarantees about the availability or dates of future offerings.
3. If a student is unable or unwilling to roll their registration fee to a different RD master class webinar within this 1-year grace period, we will issue a **100% refund** due to the inconvenience (if the webinar had to be rescheduled entirely) or a **partial refund** (pro-rated based on the days that the student attended before the interruption).

RD Master Class In-Person Seminar

Student Cancellations

Students are eligible for a 100% refund if cancelling more than 90 days before the first day of the in-person seminar, and a 50% refund if cancelling between 60-89 days before the first day of seminar. A \$100 CAD administrative fee is applied to process refunds. No refunds are possible for cancellations that occur in the 59 days before the first day of seminar.

Instructor/Venue Cancellations

As described above, a master class seminar may be affected by reasons beyond our control. In these cases, we may need to reschedule and the revised dates may not work with a particular student's availability. If they are unable to attend the revised dates, we will issue a 100% refund due to the inconvenience (if it has to be rescheduled entirely) or a partial refund (pro-rated based on the days that the student attended before the interruption).

Alternatively, a student may defer their registration and the entirety of their registration fee payment (without penalty or administrative fees, at no additional cost) to a future RD master class seminar taking place in the next year (from the start date of the seminar that was cancelled or rescheduled) to take that seminar. We are considering additional dates pending demand, but we can make no guarantees about the availability or dates of future offerings.

Media Waiver and Release Agreement Online and In-Person Events

Video Recordings

EQUUSOMA® Level 1 online modules (lecture portions only) and the RD Master Class online webinar portion are always recorded, and recordings are accessible to students for a limited time. EQUUSOMA® Level 2 in-person practical intensives and the RD Master Class in-person seminar portion may also be recorded, but video access is not available at this time. Portions of recordings will be eventually included in our video library.

Video consent is required in order to take part in our events. We cannot guarantee that a particular student or their name will not show up in a recording in some way (either online or in person), or that a particular student can be edited out of video footage. Students who are not comfortable with the possibility of being recorded may opt out of registering for any event at this time. We generally film lectures and demonstrations, and do not film student practice rounds unless students are comfortable with it.

Online students may reduce the amount of time they are visible in a recording by muting their video and changing their screen name (after we have seen their actual name for attendance purposes). However, to track participation during EQUUSOMA® Level 1 online modules during the breakout rooms (which are not recorded), we require that students unmute their videos and are visible during these portions of the training.

Photography

We do not typically take screen shots during online events, so photography from online webinars is an unlikely occurrence. If this should occur (e.g., taking a gallery view photo), students have the option to mute their video so as to not be in the screen shot. Photography usually occurs at live events. Students who do not wish to be in photos may opt out of being photographed.

Social Media

The EQUUSOMA® team does not tag anyone on social media without prior consent, and the tagging we do usually only pertains to team members who have granted permission. We do not tag students, and leave that to each student to decide.

Please review and sign the waiver and release agreement on the next page.

Assumption of Physical Risk and Liability Waiver At In-Person Events

Farm Settings, Animals, and Livestock

Attending trainings or experiential events at farms with animals is not risk free. The same elements that contribute to the unique character and enhance the learning potential and benefits of such experiences can also lead to possible challenges and we want you to be fully informed. **Please initial next to each statement:**

1. I understand that while all individuals are responsible for their own physical safety, negligence can occur. This refers to a failure to exercise ordinary or proper care in relation to oneself, others, animals, equipment, objects, and the natural environment, resulting in damage or harm.
2. I acknowledge that horses, donkeys, and mules are powerful animals that may jump, run, buck, kick, bite, nip, or step on people or things, resulting in destruction of property, physical injury, or death. I understand that care and awareness must be exercised around livestock, pets, and wildlife.
3. I understand that equipment may fail, that weather or terrain conditions can change, and that these can sometimes be dangerous. I understand that I may be exposed to insects and plants that may result in discomfort, illness, or an allergic reaction.
4. I understand that farm-based events are usually held in rural locations and that, if injuries or illness occur, it may be a considerable distance to doctors, hospitals, or any other type of assistance.

Communicable Diseases

In response to the COVID-19 pandemic, governments and health agencies recommend physical distancing and other preventative measures to reduce the risk of infection. In most places around the world, masks and vaccine passports are no longer required in most public settings. You are welcome to wear a mask based on your own comfort level. We will engage in reasonable cleaning and sanitizing of frequently touched areas and objects. However, we cannot guarantee that you will not become infected with COVID-19 or other communicable or zoonotic diseases at in-person events. **Please initial next to each statement:**

1. I acknowledge the extremely contagious nature of COVID-19. I voluntarily, knowingly, and freely assume the risk that I may be exposed to or infected by COVID-19 or another disease by attending live events and that such exposure or infection may result in personal injury, illness, permanent disability, or death.
2. I understand that the risk of becoming exposed to or infected by COVID-19 or other communicable or zoonotic diseases at live event may result from the actions, omissions, or negligence of myself and others, including, but not limited to employees, agents, contractors, and other representatives (collectively, "team members"), training participants, and other staff or workers.
3. I acknowledge that training team members and other participants may at times need to be closer to me than any recommended physical distancing guidelines in order to provide emotional support or physical assistance during interactions with horses or when intervening in the case of emergencies. I am willing to accept this risk as a condition of attending the program's activities and events.
4. I understand and accept that if I choose to maintain physical distancing, that this may affect my experience in the training and what activities I may take part in. Adaptations to activities will be provided where possible to accommodate physical distancing.
5. I agree to and will follow all new mandatory directives for standard precautions, personal safety, and public safety that health authorities might implement between now and the end of the live event. I understand that the event format may need to be adapted or that the event itself may need to be postponed or rescheduled if any new directives or restrictions are implemented by health authorities before or during the event.
6. I agree to follow all local public health guidelines or directives concerning COVID-19 exposure and self-isolation protocols.
7. I agree to not attend the event if I have had either a positive COVID-19 test result or any of the following symptoms of illness (fever, chills, shortness of breath, sore throat, difficulty breathing, or coughing) within

the previous 2 weeks before the start of the event. I understand that I may only attend if I have a doctor's note conforming my recovery.

8. If any such symptoms arise during the event itself, or if I test positive during the event, I agree to withdraw from the event and advise the training team of my health symptoms or status.

Assumption of Risk and Liability Waiver

Please initial next to each statement:

1. I agree to assume all of the foregoing risks and accept sole responsibility for any injury to myself including, but not limited to, personal injury, illness, disability, death, damage, loss, claim, liability, or expense, of any kind, that I may experience or incur in connection with my attendance at the event ("Claims").
2. I hereby release, waive, discharge, hold harmless and covenant not to sue Sarah Schlote and the Schlote Psychotherapy Professional Corporation (operating as EQUUSOMA®), Rachaël Draaisma and Calming Signals of Horses, the event facilities, and their officers, employees, agents, contractors, volunteers, and other representatives (the "Releasees") from and against all damages, liabilities, costs, and expenses (including legal fees and costs) arising out of or relating to farm and animal risks, and COVID-19 or other diseases. I understand and agree that this release includes any Claims based on the actions, omissions, or negligence of the Releasees, whether infection, illness, injury, or death occurs before, during, or after participation in the event.
3. I acknowledge and agree that the laws of Ontario and the laws of Canada applicable in Ontario (as the province in which the Schlote Psychotherapy Professional Corporation is registered) will be deemed to be the proper law of this waiver and all proceedings arising out of or related to it, and I submit to the exclusive jurisdiction of the Ontario courts.
4. I expressly agree that the invalidity or unenforceability of any provision of this waiver will not affect any other provision, and the remaining provisions will continue in full force and effect.
5. By signing this waiver, I represent that I have read it carefully before signing it. I represent that I am not subject to any legal disability that prevents me from entering into legally binding agreements. I consent to be bound by the terms and conditions of this waiver, and I understand and accept without reservation the obligations that it imposes on me.
